Camp Objective

The UNLV Girls Junior Camp is designed to improve the skills of all players from ages 13 and up. Players are divided based on age and ability to provide a challenging and competitive environment, while also having fun.

- The focus is to enhance the technical abilities through an increased amount of touches on the ball.
- Small-sided games are used to develop tactical components and put the players in decision making situations.
- Full-sided games are then added for the complete training environment.
- The player to staff ratio is kept low to maximize the experience and provide better instruction to each individual.
- Specialized instruction for goalkeepers will be provided by an experienced collegiate goalkeeper coach.
